About the Purdue Video Archives

The Public Affairs Video Archives at Purdue University is the education and research archives of C-SPAN. All C-SPAN and C-SPAN II programs that have aired since 1987 are available to teachers through this unique and valuable resource.

Just as C-SPAN allows educators to record and use its programs creatively in the classroom, the Archives extends this commitment through its vast library of previously aired programs. Since 1987, more than 15,000 C-SPAN and C-SPAN II programs have been recorded, indexed and cataloged.

This unparalleled resource offers teachers unlimited possibilities for using C-SPAN in their classes. In addition to acquiring individual programs that have aired on the C-SPAN networks, teachers can obtain compilation tapes

from the Archives. Four compilations of the "Short Subject" programs telecast this year and last year are available. Each contains about 10 programs in the order that they originally aired.

Many of the compilation tapes are accompanied by videoguides that give background and provide the length and location of the programs on the tape.

Programs are affordably priced: \$35 for one-hour programs, and \$25 per hour for longer programs and compilations. A single "Short Subject" costs only \$19.95. Purchased tapes are yours to keep and use repeatedly.

Think of the Public Affairs Video Archives as a resource for creative teaching. Call the Archives at 800-423-9630. Or write, Public Affairs Video Archives, Purdue University, 1025 Stewart Center, West Lafayette, IN 47907-1025.
